Biography

Philip Robbins is an Information Systems Authorizing Official Representative at Headquarters, United States Pacific Command (HQ USPACOM), responsible for providing authoritative advice, assistance, and recommendations on Information System Security (Information Assurance) matters, to the USPACOM Chief Information Officer (CIO) / Information Systems Authorizing Official. Prior to joining Civil Service, Philip worked as an Electronics Engineer for over four years, researching and designing various analog and digital electronic circuitry for multiple Weapons Replaceable Assemblies (WRA), emulators, and support equipment toward a next generation E2-C Hawkeye Aircraft radar system. Philip holds a Bachelor of Science degree in Electrical Engineering from the University of Hawaii at Manoa (UHM) and a Master of Science degree in Information Systems from Hawaii Pacific University (HPU). Philip is currently enrolled in the Communication and Information Sciences (CIS) interdisciplinary Ph.D. program at UHM, and is a Certified Information Systems Security Professional (CISSP) and Project Management Professional (PMP).
